ABOUT THE ERMAI

Excel Research Management Association of India (ERMAI) was established in 2016 under the society & firm act by the Government of Madhya Pradesh, India. The main objectives of the association are to enhance the various research activities in the field of Management, Commerce, other Social Sciences and Technology. At present, since beginning ERMAI Association is being conducting various social welfare, cultural and academic research activities i.e. Seminar/ Conference / Symposia / Workshop / FDPs at National as well as International level.

ABOUT THE DAYALBAGH EDUCATIONAL INSTITUTE (DEEMED) UNIVERSITY

The Dayalbagh Educational Institute is located amidst the tranquil environs of Dayalbagh, a self-contained colony renowned for its serene environment and secular establishments, in which its inhabitants lead an active, disciplined and co-operative community life dedicated to service, conforming to the high spiritual ideals of their faith. On the outskirts of the historic city of Agra, the campus is situated in garden settings, away from the din and noise of the city. Nestled between lush green fields, it provides an excellent ambience and academic setting which is in harmony with nature. This, along with a simple, disciplined and principled life, undoubtedly contributes to the strength of the social, moral and spiritual fiber of the institute's educational system.

PROGRAM OVERVIEW

Research Methodology is a critical component of training for any research program, seldom receives the attention it deserves in most academic institutions in India. This FDP seeks to bring various faculties to express their views on various conceptual and methodological issues involved in using specific research framework, research procedures adopted by other disciplinary streams and possibility of using more attractive methods in their research work.

PARTICIPANTS

The participants will be academicians, industrialist and researchers of various Indian universities, colleges and professional institutes. Individuals teaching in staff training colleges, training centers of industries organizations and staff training institutes of central and state governments which teach management and allied subjects are also welcome to apply. It is especially suited for educators seeking to strengthen as well as gain exposure to advanced topics, learn and experiment with effective pedagogical techniques and gain familiarity with essential aspects of carrying out Research methodology and Data analysis. All the participants will be provided with e-certificate of participation in this national workshop organized by ERMAI.

OBJECTIVES

- 1) To enable the academicians, professionals practitioners and researchers to apply right tools and techniques while conducting their research work.
- 2) To facilitate the process of thinking, analysis, evaluation and interpretation of research problems in various situations for participants.
- 3) To emphasize the broad range of statistical model development and its use in real life problems.

PROGRAM OUTCOMES

- The researchers and faculty members will enrich with the knowledge of Research and able to implement it in research paper Writing during their institutions effective manner.
- The participants will enhance their knowledge about small and big data analysis by using statistical tools.
